

Copying Sequence Listing for ISA

IAP Sequence Listing CD Burning

The presence of the form below indicates that the POWER network drive contains a Sequence Listing that must be burned to CD.

SCORE Placeholder Sheet for IFW Content

Application Number: PCT/US06/60025 **Document Date:** 10/17/2006

The presence of this form in the IFW record indicates that the following document type was received in electronic format on the date identified above. This content is stored in the SCORE database.

- **Sequence Listing**

Since this was an electronic submission, there is no physical artifact folder, no artifact folder is recorded in PALM, and no paper documents or physical media exist. The TIFF images in the IFW record were created from the original documents that are stored in SCORE.

To access the documents in the SCORE database, refer to instructions developed by SIRA.

At the time of document entry (noted above):

- Examiners may access SCORE content via the eDAN interface.
- Other USPTO employees can bookmark the current SCORE URL (<http://es/ScoreAccessWeb/>).
- External customers may access SCORE content via the Public and Private PAIR interfaces.

SCORE Placeholder Sheet for IFW Content

Application Number: PCT/US07/63109 Document Date: 03/01/2007

The presence of this form in the IFW record indicates that the following document type was received in electronic format on the date identified above. This content is stored in the SCORE database.

- Table in text format

Since this was an electronic submission, there is no physical artifact folder, no artifact folder is recorded in PALM, and no paper documents or physical media exist. The TIFF images in the IFW record were created from the original documents that are stored in SCORE.

To access the documents in the SCORE database, refer to instructions developed by SIRA.

At the time of document entry (noted above):

- Examiners may access SCORE content via the eDAN interface.
- Other USPTO employees can bookmark the current SCORE URL (<http://es/ScoreAccessWeb/>).
- External customers may access SCORE content via the Public and Private PAIR interfaces.

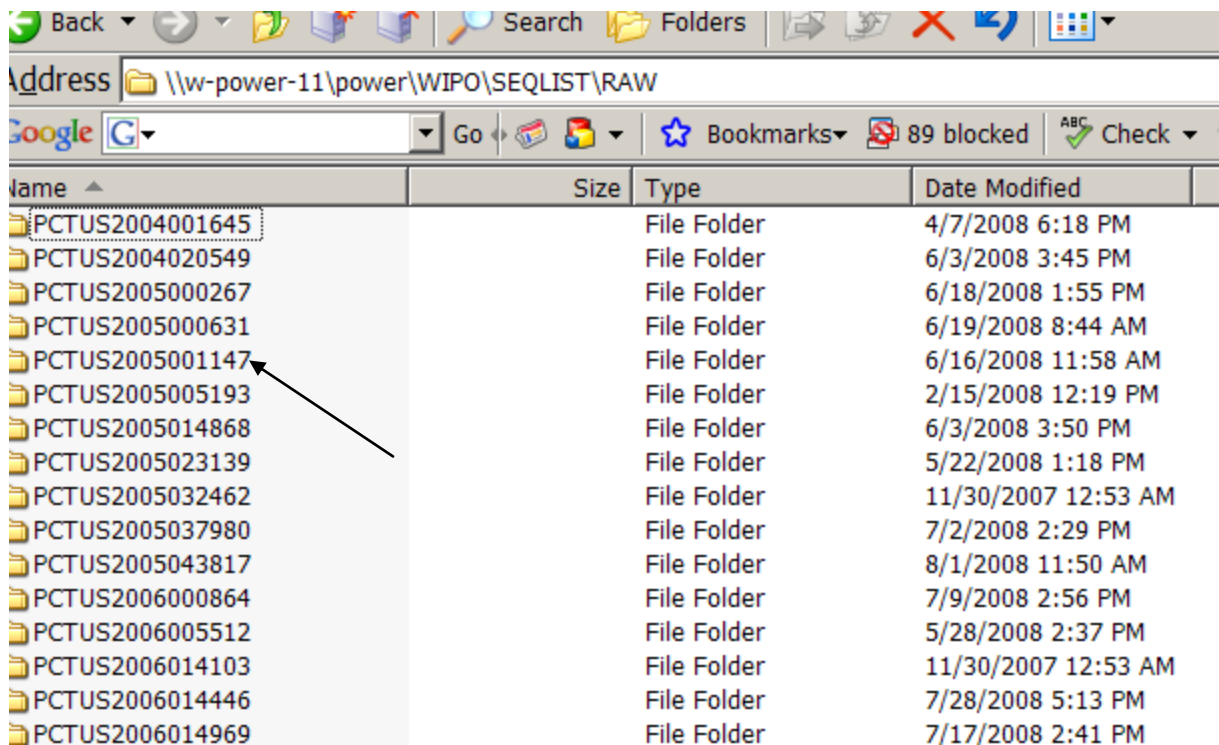

To access the Sequence Listing in the POWER folder

After printing the documents from IFW, go to the following POWER folder: <\\w-power-11\\power\\WIPO\\SEQLIST> to locate the sequence listing that must be burn into a CD.

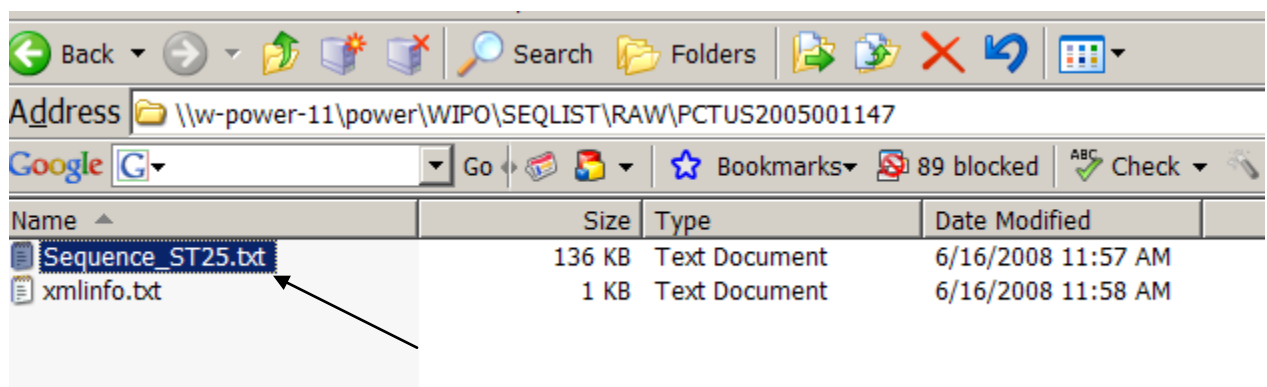

Click on “RAW”.

The RAW folder will open.

Click the PCT number corresponding to the Sequence Listing you need to copy onto a CD. For example, if you need to copy the Sequence Listing for PCT/US05/01147, click PCTUS2005001147 as shown.

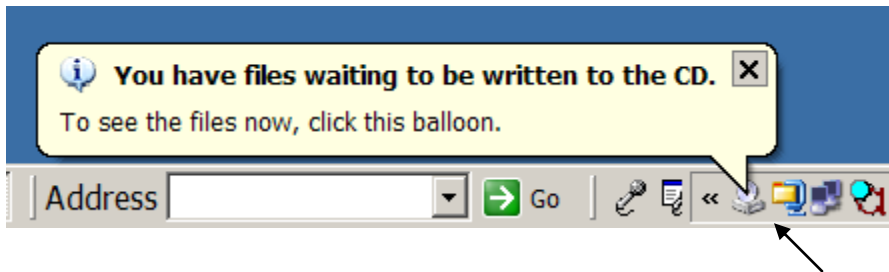

The PCTUS2005001147 folder will open.

Right-click over the “Sequence_ST25.txt” file.

This will display the window file operation menu. Select “Send To” → “DVD-RW Drive”.

This will display the following Windows message at the lower right corner of your desktop screen: “You have files waiting to be written to the CD”.

A message on your monitor will inform you that you have files on your computer. Double-click on the icon on your task bar. This will open the DVD-R Drive below.

Place a CD-R in your DVD-R drive on your computer. This will be the lower CD drive.
Click on File from menu bar
Click on Write these files to CD

The CD Writing Wizard will open. Click on *Next*.

The CD Writing Wizard will show that the files are burning to the CD-R.

When the CD Writing Wizard is complete, select ***Finish***

- The CR-R Drive on your CPU will open.
- Remove the CD-R, write the PCT number on the CD-R using indelible ink.
- Place the CD-R in a jewel case (CD case)
- Enclose with the ISA copy
- Currently, for PCT international applications sequence listing CDs are burned for ISA/AU, ISA/EP and ISA/KR.
